

# NATIONAL DAY OF PRAYER

## GOD'S SPIRITUAL BODY GUARDS

### FOR YOUR GWINNETT LEADERSHIP

***“They weapons of our warfare are not physical but mighty and powerful to destroy spiritual strongholds arguments and lofty opinions, raised against the knowledge of God. These weapons are used to take every thought captive to obey Christ.” 2 Cor. 10:4-5***

Physical, verbal, mental, emotional and spiritual attacks are real against us all. The amazing story of Gideon in the book of Judges is living proof God can accomplish just as much with few than he can with a huge multiple. (Judges 7:7) Gideon went from 22,000 warriors to **300 men** to let His people it is not by man’s strength or numbers but by the engineering of God’s power to conquer the Midianites brought complete confusion within their campsites where they turn of each other for destruction. Trumpets were all Gideon needed to win. That is all God needs from us! One **BOLD PERSON** and God is a majority. **MAJORITY RULES.**

**National Day of Prayer May 7** accomplished that same trumpet blast throughout all of Gwinnett through our pastors, and leadership echoing all over the Lawrenceville Lawn. The declaration of righteousness, and forgiveness in God’s peace over all our elected leadership that oversees Gwinnett Co. population of 1.3 million people.

To keep prayer as a foundation to building a unity amongst our churches throughout the year **can be contagious.** No church is the “Lone Range” isolated unto itself. Pastors united and paired up in weekly or monthly corporate prayer is a **massive body guard** Satan cannot penetrate. Pentecost amongst the first disciples set the stage for the world that ignited revival to all of Europe and worldwide! We covet your prayer for this whole year that NDOP will strike a flame of unity in prayer countywide.

# GOD'S SPIRITUAL BODY GUARD

## IGNITED IN GWINNETT CO. COURTHOUSE

## NOW SPARKED IN GUATEMALA

Friday morning getting out of a shopping store when I was kidnapped by strangers saying that I had missed one Immigration appointment. Completely false my lawyer and I never received any appointments pending from Immigration. Everything in place receiving my valid Work Permit Authorization for 5 years. I had already submitted 3 year ago my permanent residency which they didn't care about - good for nothing. I was treated like a criminal, but I bless them anyway. **That Friday morning I was ready to go to the courthouse for the praying meeting with my friend/brother Chaplain David Burgher at 12 noon when all of that happened.** One thing that really hurt me was to see my mom crying in front of me when they locked me up. I had never seen my mom cried like before – horrible, but they had no feelings. Lord bless them.

Thank God the same day I was transferred to Steward Detention Center from Immigration Customs Enforcement place. It's a little room of 10x12 where they hold up to 20 or 50 people sometimes up to a week without taking a shower. One dirty open toilet feeding us a burrito breakfast, lunch, and dinner.

When I got to Steward Detention Center the room was bigger, but holding 90 to 100 men with 2 toilets working properly, and 3 showers working, and meals not proper. With God's help and other men in the room we had to set up a support team for everyone from how to get in touch with their families or help out with all their needs especially elders 73 years old to young boys less than 18 years. I was the coach in that room as the presence of God took control of everything. We sat up a wonderful everyday worship to our Heavenly Father at 9 pm. Seeing a magnificent moving Spirit of order, obedience, and respect. People were getting saved, healed, and reuniting families. Even the **officers were so impressed** to see what God was doing at that cell. They told me the day I leave the cell they would cry. When I left everybody were pretty much crying.

I was not to clear at the beginning what God's plan was for me because when I had my first court they falsely accused me of being with the Mafia of Sinaloa Cartel of México trafficking people. I don't even smoke or use beer much less drugs or traffic any people. The only transporting I do is leading soul from "dark to light", from "hell to heaven". **ONLY BRINGING PEOPLE TO CHRIST THAT WAS MY FAULT, BUT GOD HAD A PERFECT PLAN WHAT THE ENEMY USED TO HURT ME GOD USED FOR GOOD.**

Even the first court the Judge new it was a **total false statement** what they where saying. The Judge approved a \$5000 dollars bond to get out, but Immigration didn't obey what the Judge said. They appealed against the Judge and Court statement to deny the bond. So then I talk to the Judge of all Judges, my Heavenly Father what was going on with me? Really my mind was going crazy! Then I remembered what He had told me 3 months ago. He was going to promote me to a next level. I understood His plan!

But I didn't think it was going to be here in Guatemala. I thought it was going to be in the USA promotion as a Pastor. In theory we could have fought my case, but it could have taken 3 to 7 years in prison wasted time. I had asked God to confirm my promotion to a Pastor.

That was exactly what happened. Talking to my Pastors, my family, and my Lawyer, they all agreed the same thing. One Friday night my Pastor Roque Barrios told me that he couldn't sleep well. God talked to him about establishing a church in the place that I am now. The place it's called Aldea Las Palmas Oratorio, Santa Rosa Guatemala. That Saturday morning when he woke up having breakfast with his wife and my Pastor, Magdalena de Barrios, about setting up a **new Church HERE!** But with a problem of not having a Pastor ready for this church. So my wife immediately, without a doubt, told him, **"You already have one!"** He was surprised when she told him when he asked, "Whose that?" She said, **"Our brother Oscar Lopez!"** **That touched me deeply as I cried to hear that. That answer really brought tears and joy and peace to me.**

But not with my family members especially to my kids, and wife. It was really hard for them and for me to leave everything behind after building 33 years of church ministry. I know that's the process of getting promoted to next level, like Abraham leaving everything behind. But I also know it's just temporary. Soon we will be reunited we will see you soon.

God never makes mistakes. His great purpose always comes true. When He speaks that's what he means. He does it the way nobody understands. From my Church out of 600 members, I was the chosen one to accomplish his great purpose. Here I am in obedience doing his will in peace and joy. I spent 6 months in prison. It was an adventure with our Lord and the Holy Spirit. Our Pastors, the Church, and my Family are supporting me. That means that God has not let me alone. I feel so great even without my family. Of course I miss them dearly, but His presence and strength fills everything.

Even my Pastors traveled March 23, 2026 to established me as a Pastor at this great place. Now here I am with His presence with me. Everything makes sense. I am walking faithfully confident trusting His great plans are so perfect. All the puzzle pieces are falling into place seeing everything clearly with directions in the right way, the way He wanted me to be.

Alot of youth are coming to know Jesus as their Lord and Savior. Our first outreach service was 40 youth and 15 adults. it was wonderful to see the Holy Spirit moving through every need. Honestly it was amazing. I really want to thank God for this great promotion. It's not easy, but with God everything is possible.

**I want to thank everyone that's praying and supporting me financially.** Whatever you do for God's Kingdom is multiplied back. Right now we are in the process of getting one piano, speakers, microphones, a pulpit, and a TV. It's about \$2500 dollars to get everything. Thank you very much in advance for all your prayers and support I will also be praying for you. We will see you back soon Lord's willing. Blessings to everyone.

Your brother in Christ,  
Chaplain and now Pastor

*Oscar Florencio Lopez Carrillo*
