

"LOVE YOUR NEIGHBOR AS YOU LOVE YOURSELF."

PREMEDITATED ISOLATION

The July 4 catastrophic high water Guadalupe River floods in Kerrville, TX the other week with 134 recorded dead and 101 missing, stirred a flood of LOVE from 1,500 first responders and the National Guardsmen to rescue and help so many families.

This same response can happen in the criminal high water levels of reprobate minds that have torn apart the neighborhoods to our neighbor Fulton Co.:

GOD'S M & M

MAYORS matched with MAYORS in prayer for MIRACLES of healing MANAGEMENT.

After 22 years in our Gwinnett courthouse weekly interceding for all our leadership by name, God has harvested an amazing peace that only He could perform. The criminal figures you see above are almost foreign in natural to Gwinnet Co.

The significances of prayer in all district city council meetings is a humble recognition of who we all will give an account to the CEO of the Universe, Christ alone, despite any opposition. *"Whosoever therefore shall confess Me before men, him will I confess also before My Father who is in heaven."* Matt. 10:32

PREORDAINED MOTIVATION

A countywide revival has always been initiated through the concentrated consistent prayers of God's people. **First step:** He who is without sin cast the first stone. Jesus didn't want to embarrass the woman in adultery, so He wrote in the sand her guilt privately with his finger, but He publicly exposed the self-righteous men who would rather throw stones rather than help repair her wayward broken heart!

The wayward broken hearts of Metro Atlanta over the years have physically and spiritually surrendered to a spiritual war in **"extreme wealth, yet hidden stress"** with approximately 2000+ homeless families, 800 Homeless unaccompanied, 600 homeless children encompassed with staggering criminal environment. This is not the most appealing weekly headlines of the Atlanta Journal Constitution newspaper or CNN National News.

EVERYTHING FALLS ON LEADERSHIP

The responsible ones God holds accountable are their 362 churches, 15 mayors, 7 school board members, 7 commissioners, and 1,230 law enforcement officers to administer God's light in His laws, and mercy to prevent their higher criminal records.

Families are flocking to Gwinnett County! 983,526 If Fulton, Dekalb, and Clayton mayors personally took a study tour of Gwinnett Co. Courthouse judges, court hall ministry, commissioners, school board members, mayors, and churches secured in peace, there would be a deep longing to administer Gwinnett spirit of law and order over to all Metro Atlanta.

Indeed, Gwinnett County leadership through prayer can that have a vision of compassion to pray God will ignite a flame of revival to all Atlanta churches, mayors, judges, commissioners, and school board members.

FIRST THINGS FIRST

ONE MAN AND GOD IS A MAJORITY. MAJORITY RULES!

“If you have the faith of a mustard seed, you can move mountains.”

One man, Moses, God used to free 2 million enslaved Israelites from 430 years of bondage! God chose to delegate His Almighty power to Moses to perform miracles against a wicked, selfish, and stubborn Pharaoh that was never repeated in any generation since. When God shows us a massive need for deliverance from the slavery of incompetent leadership, He also raises up leaders with His power to delegate competent leadership. *“For such a time as this”* God has placed Gwinnett County competent judges, mayors, commissioners, school board members, and churches to collectively complete His visionary team.

CHRIST THE CLEANSER OF CITY CRIMES !

VISION: Gwinnett Co. leadership in consistent prayer, personal letters, or personal visits to Fulton, Dekalb or Clayton Co. leadership that God will use them as a neighbor county to transform an entire
