

*Merry Christmas*

**CEO/ATTORNEY OF THE UNIVERSE TOUCH DOWN**

**CHRIST MANIFESTED ANOINTED SPIRIT**

### **GOD'S WORLDWIDE GIFT: JESUS CHRIST HIS ONLY ATTORNEY WHO DID WHAT ?**

Since 2003 in our courthouse system, this Christmas has shown me a perspective I never imagined. Our entire earth is God's "court hall" training ground preparing 8 billion people an eternal reign with Him in his home in heaven.

All court houses worldwide symbolically reveal the reality of God's eternal court system after the grave. *"It is appointed unto man once to die and after that judgment. (go to court)."* 8 billion people have yet to escape the grave meaning we are all guilty of sin deserving the death penalty. We're just waiting for our death court date. God's perfect holiness standards never change though His world falls very short. **But God** is also merciful in His love prevailing over all mankind's worst spiritual conditions. Miraculously He used man's worst hatred efforts against His only Son on a cross to redeem and rescue us from self-destruction.

To truly **understand this in legal terminology**, imagine putting yourself in a courtroom on earth along with your attorney for charges you deserve that are the death penalty! No matter how good your attorney is, you **KNOW** he is of no help to you at all. Silently you see your whole life flashing before you with absolute proof of your guilt deserving the

death penalty. No attorney anywhere can get you off the death penalty. Your plea of being a "good person" holds no substance at all leaving you helpless and hopeless. Results are eternal destruction for we are all eternal human beings! It's a very internal deep unknown mystery with no absolute certainty hope of your destiny.

Then someone comes to you with great news that your case can be "settled out of court as closed" before you even go to court! He is an "unknown attorney to you" who legally has the power to conquer the grave Himself to **PAY FOR YOUR DEATH PENALTY CHARGES** to free you off death role.

But this power He has comes with an exchanged price tag from you. He wants to be in the driver's seat of His own car in your life because you have been wrecking His car you stole. Just so happens your Attorney is the Creator of you and His Universe. He knows how not to wreck His car.

That is LOVE/POWER at its highest level. THE MOST AMAZING CEO OF HIS UNIVERSE, AND ATTORNEY WORLDWIDE. Oh, the beauty of our Lord, Jesus Christ, who descended to earth that Christmas day to give to anyone the free gift of eternal life to be welcomed to His eternal home in heaven.

*Merry Christmas legally !!*

### **ILLEGAL WOES IN RELATIONSHIPS VS LEGAL BLESSINGS IN MARRIED**

I moved to Atlanta in January 2018 with my girlfriend. This move came about by a decision to start a business with a veteran friend of mine in the last six months. Nothing had gone as planned, my business did not prosper, my friend became a car salesman and our friendship was tarnished. In the past, I was always believed in God and accept Jesus Christ. My Savior and Lord, but like many I unfortunately

turned away from God. Fortunately for Me God never turned away from me. I found First Baptist Atlanta and began watching Sunday services. In my living room, this was a good start, but that spiritual seed that was planted inside of me required more light to grow. This led to my attendance to Sunday services. Yet something was still not right. I became conscious of my sins. I fixed them, and studied the Bible

while maintaining a faithful prayer regiment. I prayed for an answer to my purpose as not to waste God's given talents. No answer. Upon further examination and study of the Bible, it came clear living with my girlfriend unmarried was the barrier keeping me from my blessings. I read scriptures on marriage and prayed which led me to the courthouse to marry my girlfriend of two years. Although I knew it was the will of God, I was still weak in faith and questioned whether I was making the right decision on the day of the courthouse. The devil attempted to discourage me by messing up my printer. I needed to print important documents to get married, and even as we walked through the security, a woman suddenly whispered to us, "Don't do it." As a security guard directed us to the marriage office Satan sent 2 other attempts to ruin God's holy plans. But God Almighty sent 3 to strengthen and fulfill His plan. The morning of I told my best friend, whom I thought would try to talk me out of it expressed his happiness for us, and affirmed "we

were doing the right thing". The security guard responded, "Don't listen to her. You're doing the right thing." In response to the sly "don't do it" advice. Then to top it off while we were looking at forms, David comes out of nowhere and says, "You know, it's a setup, right?" I knew at that moment what he meant. All God's righteous messages that led to this holy occasion was all set up by our Creator. David read scripture on marriage and love and confirmed "we were making the right decision" although we had already read those same Scriptures. We took comfort in hearing God tell us that "we were doing the right thing", which we did! Also David offered to mentor me in sharing the Word of God so I can make value of my time which I prayed for many times prior to this only. Now God chose to answer my prayer since I did not run from His calling, and plan, and corrected my sinful lifestyle. I now work with David learning how to preach the Gospel and build my faith. God is good!!!

*Close friend for years.*

## **NORTH AMERICAN MISSION BOARD REPORT - 2025**

Since 2003, Bridge The Gap Ministries focus has been in our Gwinnett Courthouse praying for those facing their court date before the judge or in the Gwinnett County Detention Center, and Diversion Center. After COVID hit us all, both buildings unfortunately were closed to all volunteers. But the courthouse remains OPEN for prayer with those facing their court date, to couples getting married, and weekly intercession by name for all 45 judges, 5 commissioners, 5 Gwinnett Co. school board members, and 17 district mayors. This vision of weekly intercession for leadership is impacting the entire county morally, and spiritually, and numerically. The Gwinnett Co. crime rate is very low though the population rate has radically increased now to over 1 million people.

The entire theme of the Old Testament was always prophets focusing on leadership that determined the spiritual condition of the entire nation. This applies in this generation today. Corrupted leadership impacts the entire county likewise. In our entire Gwinnett Courthouse, it is very unusual to find a person who is lost without Christ. Yes they are there, but not easily located.

**Please pray all churches across GA and the USA will see this massive open door for evangelism in their own local courthouse.** The door has been "WIDE OPEN" since the beginning of the Tabernacle in the Old Testament with the judges and the priest approx. 1400 BC.

Please pray that our 75 elected leadership of Gwinnett Co., and the approx. 350 churches in Gwinnett Co. that will in some way spiritually, and morally impact the serious corrupted crime in our neighbor counties of **Fulton, Dekalb, and Clayton leadership**. How is this possible amongst all their wealth in their elected leadership and churches? They have many good leaders and ministries as the PASSION 2026 conference coming up in Atlanta, but is it impacting their counties elected officials for righteousness to destroy the high crime ratings they face?

Slowly my monthly newsletter is beginning to be distributed to our Gwinnett elected leadership what God is doing, and how they too can have an impact on Metro Atlanta downtown counties. Our newsletter (Gospel included) is also going to all our Gwinnett Co. Mosque Temples, Hindu Temples, Buddhist Temples, Night clubs, and Liquor stores.

As reported last month, miraculously the motel (originally "Home Stay") in Gwinnett Co. that was deemed spiritually, and physically corrupted, was visited regularly by the police. Now no more visited!!! They now meet all standards and codes for Gwinnett rules, with little or no visitations from the police!!! After several years of our visitations door to door, and much intercession for a miracle in their morality, God showed up and showed off His power to transform the entire motel. Praise God. God's law will never change!!! Light controls darkness!!! Darkness will never control light!!

*Merry Christmas to ya'll in the Light of His Love!*
